TENNIS CHAMPIONS HERE.

Doherty Brothers Arrive for the Brooklyn Tournament. R. F. Doherty and H. L. Doherty, the

mateur champion tennis players of the British Isles, accompanied by their non-playing captain, W. H. Collins, arrived on the Lucania to-day to compete in the international contests in Brooklyn at the Crescent Club Aug. 6, 7 and 8.

Although the brothers claim the singles championship they were defeated for the doubles championship-this year by S. H. Smith and E. L. Risely. The Doherty brothers had held the doubles title for five years.

H. L. Doherty has only been beaten once during his career in the singles, and his defeat took place in 150, when he was beaten by A. W. Gore.

TENNIS EXPERTS HERE.

Doherty Brothers, English Champions, to Compete.

The English champion tennis players, R. F. and H. L. Doherty, are here to take part in the American champion-ships which are to be held at the Crescent Athletic Club, Brooklyn, in the The Americans who will play against the Dohertys for the Davis Interna-

tional Challenge Trophy on Aug. 6, 7 and 8 will be M. D. Whitman. William A. Larned, D. F. Davis and Holcombe

MOTORIST INTERESTED IN THIS CONTEST.

Economy or Fuel Consumption Trial at Manhattan Beach Track, August 9.

Present indications make it seem extremely probable that the fifty miles economy or fuel consumption test, which occurs on the Manhattan Beach track August 3, under the auspices of the New York Motor Cycle Club, in conjunction with the race meet on that date, will result in the appearance of the largest number of motor bicycles ever seen on a track, and consecuently in a display that will be as spectacular as the results will be interesting and instructive. Practically every make of motor bicycle will be represented.

As several intending competitors have expressed an intential of completing the critice distance without a stop, the promotors have decided to offer bine libbons to be awarded regardless of the quantity of fuel consumed. As not all motor bicycles are equipped for the purpose, a total stoppage of ten minutes will be permitted for the refilling of gasolene tanks, lubrication, &c. The other most vital rule deals with pedaling. After starting no contestant will be allowed to pedal on more than three separate occasions or to pedal more than one-half lap—the track is three laps to the mile—at any one time, this, of course, without regard to the pedaling required to start the machines after such stoppages as are legalized by the rules.

Gasolene will be provided by the promoting club, competitors being obliged to deliver their machines to the judges with the tanks perfectly empty.

Ketchum Will Try to Drive Trotter to that Mark at Memphis. MEMPHIS. Tenn., July 26 .- Cresceus

the champion trotter, will try again to break his world's record of 2.02% on the Memphis Trotting Track on Oct. 23. Secretary Murray Howe has wired Brooklyn from Cleveland that he has closed a contract with George Ketchum, the owner of the champion troiter.

Ketchum says that he believes Cresceus can lower his record to two minutes.
